**REFEREE RECOMMENDATION AND ORDER  
REGARDING CHILD SUPPORT**

**Hearing Date:** 2/21/2024

**Presiding Referee:** Jaclyn K. Jelsema

**Present:** ☒ Plaintiff ☒ Plaintiff's Attorney ☒ Defendant ☒ Defendant's Attorney

**Method of Appearance:** Zoom Zoom

A court order referred this matter to the Friend of the Court for a child support review with an effective date of 7/1/2023. Plaintiff did not provide the requested information for the review. A review recommendation was submitted to the parties. Defendant filed an objection on the basis of Plaintiff's income, Defendant's child care expenses, Defendant's insurance expenses, and overnights. Also addressed was Plaintiff's insurance expenses.

**Plaintiff's Income**

At the time of the review and the proceeding period encompassing the effective period, Plaintiff was not employed. She testified that she had a high-risk pregnancy and was ordered by her doctor to "take it easy" but was not officially placed on bed-rest or given restrictions because she was not working at the time. Plaintiff gave birth by a planned induction on August 1<sup>st</sup> and stated it was a fairly typical birth without complications. She then stayed unemployed for about three months as "maternity leave." Towards the end of October, Plaintiff started working part-time for Byron Center Family Medicine, earning \$20 per hour and her hours vary from 25-32 hours per week. She submitted paystubs to verify her employment information. She testified that she does not know if fulltime hours would be available and chooses to work part-time so that she is home for the children and able to run them to appointments.

Because she is not currently working fulltime and was not working prior to the end of October 2023, her potential income was evaluated under 2021 MCSF 2.01(G)(2) for both periods of time.

Plaintiff previously worked for Signature Investigations for about a year and a half at a salary of \$1,200 biweekly. She stopped working there shortly before she learned she was pregnant. She is not eligible to return as the owner of the business has stopped taking on private business and there is no work available for her. Prior to that she worked for Spectrum Health for about 2 years, earning \$14.35 per hour and working fulltime. She left that job to pursue a nursing degree. Prior to that, she worked around 2015-2017 for her current company doing a different, more administrative, job.

Plaintiff has a high school degree and some college. She pursued a nursing degree, but has not finished. She has less than a year remaining towards a degree, but is unsure when she will return. She does possess a certification in medical assisting. She does not have any educational, physical, or mental disabilities that prevent her from working, she does not have issues with age, health, or criminal record, and she has a valid driver's license and access to transportation.

Plaintiff sought a return to Byron Center Family Medicine because she maintained a good rapport with them and they welcomed her back. She is unaware of other opportunities in the region or their average hours or wage rates. She did not do much job searching other than communicating her interest with this company.

There was a period she was unable to work due to her high-risk pregnancy and child birth, which involved hospitalization. She testified that she returned to work as soon as she and her newborn were medically able to do so.

Plaintiff is married, resides with her husband and children at her parent's home, since December 2022. She stated that they are waiting out the housing market and contributing to household expenses, but do not pay rent. Her husband is working fulltime at a factory. Plaintiff states that she does not have any other means of support or income.

The 2 oldest children who reside with her are 15 and 18 and therefore don't impact her ability to work. The youngest 2 children reside primarily with Defendant and therefore do not pose a significant impact to her ability to work. The parties testified that the 2 youngest children have therapy appointments every other week and that they take turns driving them, which is about once per month. The parties also share the responsibility of getting these children to medical, dental, and other types of appointments. Plaintiff testified that she has 6 total children, 2 who are still young and do impact her ability to work as they reside with her. However, as they are not children-in-common with the Defendant, they are not applicable to this consideration. Plaintiff does not have child care expenses for the 2 youngest children-in-common, and this would not change if she worked fulltime due to her parenting time occurring on the weekends. However, she could have some summer expenses, but this was not presented to the court.

Her lack of work was a significant reduction in income preceding this review. Now that she's returned to work following the birth of her child, Plaintiff is capable of fulltime work. She indicated that she didn't know if fulltime hours would be available but she also testified that the office is very short staffed. She stated that she has purposefully taken off every Thursday because it is difficult to find coverage, so that she has the time for the children's appointments, which for the children-in-common is about once per month.

### Defendant's Insurance

Defendant testified that the insurance information used by the Friend of the Court was not accurate because the rates changed as of January 1, 2024. He is now paying \$273.20 biweekly for medical, dental, and vision, which covers himself and the 2 youngest children-in-common.

### Plaintiff's Insurance

Plaintiff testified that she provides insurance through her spouse's employer. They pay \$69.91 weekly for medical, dental, and vision, which covers 2 adults, her husband's 2 children, the parties' 2 oldest children, Plaintiff's 2 other children, and the parties' 2 youngest children were added in August 2023.

### Child Care Expenses

The parties' 2 youngest children still require child care and attend Clipper Care through Martin Public Schools. For both children, the combined rate is \$8 per hour. Defendant's use of child care increased when he changed his work schedule, which occurred near the start of 2024. Previously, he used child care 4 days per week and the children averaged 2.5-3 hours each day, plus the occasional half-day, which costs more. Defendant testified that his average costs, as outlined in the Child Care Verification that was provided to the Friend of the Court, was \$300 per month for Jacob, \$160 per month for Josh, for a total of \$460 per month for both children - this works out to approximately 60 hours, which appears to incorporate the half-days that cost more. With the work-schedule change, Defendant is using child care 5 days a week, which is approximately 63 hours. This increases his total expenses for child care to \$315 for Jacob, and \$189 for Josh.

The parties exercise week-on/week-off parenting time during the summer. Defendant testified that last year his child care expenses were \$250 per week (just his weeks) for both children. Defendant stated that he will be looking for a new provider as the provider from last year is not providing the service any longer. It is reasonable to expect that Defendant's summer child care expenses will be similar in the coming year.

### Overnights

The parties are not in dispute about the proper number of overnights to be used in the calculation for the children and both agree that the overnights for the 2 youngest children is incorrect. The overnights for the 2 oldest children is 365 for Plaintiff and 0 for Defendant. The overnights for the 2 youngest children is 104 for Plaintiff and 261 for Defendant. The parties testified that Plaintiff began exercising a standard Friend of the Court Parenting Time schedule in July of 2022, prior to the effective date of this review, and this schedule is allocated to provide 104 overnights to the noncustodial parent.

### Immediate Support Adjustment

Neither party addressed the potential eligibility of the 2 oldest children for post majority support. Thus, as one of the children was nearing majority at the time of the hearing, this has the potential to significantly impact the allocation of support, effective March 1, 2024. This is reflected by the last recommendation's rubric showing support for four children and then three children.

## RECOMMENDATION

It is recommended the review recommendation calculation be adjusted as follows:

Effective July 1, 2023:

- Plaintiff's income be continued from the review recommendation, as the objection filed pertains to her acquisition of employment during the review period, not to the imputation.
- Defendant's insurance be continued from the review calculation, as it was accurate for this period of the review.
- Plaintiff be credited for providing insurance via her spouse at a rate of \$69.91 weekly, covering the oldest 2 children-in-common, 4 other children, and 2 adults.
- Defendant's child care expenses be continued from the review calculation, as it was accurate for this period of the review.
- Overnights reflect the parties' arrangement as follows:
  - o The 2 oldest children: 365 for Plaintiff and 0 for Defendant
  - o The 2 youngest children: 104 for Plaintiff and 261 for Defendant.

Effective August 1, 2023:

- Plaintiff be credited with 2 additional children, having given birth to her newest child.
- Plaintiff be credited for providing insurance via her spouse at a rate of \$69.91 weekly, covering all 4 of the children-in-common, 4 other children, and 2 adults.

Effective November 1, 2023:

- Plaintiff's income be set at her hourly rate for 35 hours, based on her acquisition of employment and evaluation of her potential income. This is an average monthly gross income of \$3,045.

Effective January 1, 2024:

- Defendant be credited for providing insurance at a rate of \$273.20 biweekly, covering the youngest 2 children-in-common and himself.
- Defendant be credited with child care expenses as follows:
  - o Jace – a monthly average of \$315 for 9 months (school year)
  - o Josh – a monthly average of \$189 for 9 months (school year).
  - o Both children – a weekly average of \$250 for 6 weeks (summer).

## REPORTING REQUIREMENTS

Each party shall notify the Friend of the Court in writing of any changes in their mailing address, residence, and employment information. MCR 3.211(C)(2).

Child support is pursuant to the attached Uniform Child Support Order.

All other provisions of the orders of this Court, not modified herein, shall remain in full force and effect.

A parent may contest the notice by requesting a review or hearing concerning availability of health care at a reasonable cost.
5. **Retroactive Modification, Surcharge for Past-Due Support, and Liens for Unpaid Support.** Except as provided by MCL 552.603, support is a judgment the date it is due and is not modifiable retroactively. A surcharge may be added to past-due support. Unpaid support is a lien by operation of law and the payer's property can be encumbered or seized if an arrearage accrues in an amount greater than the periodic support payments payable for two months under the payer's support order.
6. **Address, Employment Status, Health Insurance.** Both parties shall notify the friend of the court in writing of: a) their mailing and residential addresses and telephone numbers; b) the names, addresses, and telephone numbers of their sources of income; c) their health-maintenance or insurance companies, insurance coverage, persons insured, or contract numbers; d) their occupational or drivers' licenses; and e) their social security numbers unless exempt by law pursuant to MCL 552.603. Both parties shall notify the friend of the court in writing within 21 days of any change in this information. Failure to do so may result in a fee being imposed.
7. **Foster-Care Assignment.** When a child is placed in foster care, that child's support is assigned to the Michigan Department of Health and Human Services while under the state's jurisdiction and to the funding county while placed in a county-funded program.
8. **Redirection and Abatement.** As provided by MCL 552.605d and subject to statutory procedures, the friend of the court may redirect support paid for a child to the person who is providing the actual care, support, and maintenance of that child, and shall abate support charges to zero for a child who resides on a full-time basis with the payer of support or if the payer of support will be incarcerated for 180 consecutive days or more without the ability to pay.

When friend of the court becomes aware that the payer's condition meets the definition of incapacitation as defined in the current or subsequent Michigan Child Support Formula, monthly support charges shall abate and be temporarily reduced to zero effective the date that the friend of the court office provides notice of the abatement to the parties and to the court. Support charges shall be reinstated effective 60 days after the incapacitation ends. The office shall provide notice of reinstatement to the parties and to the court that specifies the date charges will be effective.

Either party may object to the abatement or reinstatement by filing a written objection with the court within 21 days following when the notice was filed, or by filing a motion. If a timely objection is received, the friend of the court shall either set the objection for hearing or complete a support review with an effective date no earlier than the date of filing of that notice.

Based on a motion by either party or a recommendation following a review by the friend of the court, the amount abated may be later corrected based on the parties' incomes or ability to pay during the abatement period.

9. **Fees.** The payer of support shall pay statutory and service fees as required by law.
10. **Review.** Each party to a support order may submit a written request to have the friend of the court review the order. The friend of the court is not required to act on more than one request received from a party each 36 months. A party may also file a motion to modify this support order.
- [ ] 11. **Michigan Child Support Formula Deviation.** The support provisions ordered do not follow the Michigan Child Support Formula. The attached deviation addendum (FOC10d) provides the basis for deviation and the required findings by the court.

[X] 12. **Other:** (Attach separate sheets as needed.)

A review was conducted based on the Referral Order dated August 29, 2023.

13. **Prior Orders.** This order supersedes all prior child support orders and all continuing provisions are restated in this order. Past-due amounts owed under any prior support order in this case are preserved and paid at the rate calculated using the arrearage guideline in the Michigan Child Support Formula.

**Obligation Ends.** Except for child care, or as otherwise ordered, support obligations for each child end on the last day of the month the child turns age 18.

4. **Qualified Medical Support Order.** This order is a qualified medical support order with immediate effect pursuant to 29 USC 1189. To qualify this order, the friend of the court shall issue a notice to enroll pursuant to MCL 552.626b. A parent may contest the notice by requesting a review or hearing concerning availability of health care at a reasonable cost.
5. **Retroactive Modification, Surcharge for Past-Due Support, and Liens for Unpaid Support.** Except as provided by MCL 552.603, support is a judgment the date it is due and is not modifiable retroactively. A surcharge may be added to past-due support. 6. **Address, Employment Status, Health Insurance.** Both parties shall notify the friend of the court in writing of a) their mailing and residential addresses and telephone numbers; b) the names, addresses, and telephone numbers of their sources of income; c) their health-maintenance or insurance companies, insurance coverage, persons insured, or contract numbers; d) their occupational or drivers' licenses; and e) their social security numbers unless exempt by law pursuant to MCL 552.603. Both parties shall notify the friend of the court in writing within 21 days of any change in this information. Failure to do so may result in a fee being imposed.
7. **Foster-Care Assignment.** When a child is placed in foster care, that child's support is assigned to the Michigan Department of Health and Human Services while under the state's jurisdiction and to the funding county while placed in a county-funded program.
8. **Redirection and Abatement.** As provided by MCL 552.605d and subject to statutory procedures, the friend of the court may redirect support paid for a child to the person who is providing the actual care, support, and maintenance of that child, and shall abate support charges to zero for a child who resides on a full-time basis with the payer of support or if the payer of support will be incarcerated for 180 consecutive days or more without the ability to pay.

When friend of the court becomes aware that the payer's condition meets the definition of incapacitation as defined in the current or subsequent Michigan Child Support Formula, monthly support charges shall abate and be temporarily reduced to zero effective the date that the friend of the court office provides notice of the abatement to the parties and to the court. Support charges shall be reinstated effective 60 days after the incapacitation ends. The office shall provide notice of reinstatement to the parties and to the court that specifies the date charges will be effective.

Either party may object to the abatement or reinstatement by filing a written objection with the court within 21 days following when the notice was filed, or by filing a motion. If a timely objection is received, the friend of the court shall either set the objection for hearing or complete a support review with an effective date no earlier than the date of filing of that notice.

Based on a motion by either party or a recommendation following a review by the friend of the court, the amount abated may be later corrected based on the parties' incomes or ability to pay during the abatement period.

9. **Fees.** The payer of support shall pay statutory and service fees as required by law.
10. **Review.** Each party to a support order may submit a written request to have the friend of the court review the order. The friend of the court is not required to act on more than one request received from a party each 36 months. A party may also file a motion to modify this support order.

[ ] 11. **Michigan Child Support Formula Deviation.** The support provisions ordered do not follow the Michigan Child Support Formula. The attached deviation addendum (POC10d) provides the basis for deviation and the required findings by the court.

[X] 12. **Other:** (Attach separate sheets as needed.)

A review was conducted based on the Referral Order dated August 29, 2023.

13. **Prior Orders.** This order supersedes all prior child support orders and all continuing provisions are restated in this order. Past-due amounts owed under any prior support order in this case are preserved and paid at the rate calculated using the arrearage guideline in the Michigan Child Support Formula.
